This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Preface.

RIBCHESTER Church, the site and neighbourhood of which are so rich in recently discovered Roman remains, lies on the north bank of the River Ribble, about seven miles north west of Blackburn.

The adjacent ancient Parishes were Chipping, Mitton, Blackburn, and Preston.

The Townships of Ribchester, Hothersall, Dutton, Stydd with Alston, and Dilworth formed the ancient Parish.

The church certainly existed in 1193, as appears from a grant by Robert de Lacy made about that date, in which he reserves half the church of Ribchester. The Register here printed is the earliest extant, and with the exception of the first two or three leaves is quite legible. It has been recently bound in vellum under the auspices of our Society, and contains 132 leaves of parchment, measuring 13½ inches by 5 inches.

By the courtesy of Mr. Satterthwaite, the Episcopal Transcripts at Lancaster have been compared with the original Register. To the Rev. E. Harries, the Vicar of Ribchester, our sincere thanks are due for the great kindness he has manifested towards our undertaking.

Here endeth all ye Christenings & Births contained in ys Booke

Memorandum that in ye year 1682 I George Ogden Vicar of Ribchester built ye Vicarage hous there at my own charg Except three pounds odd shillings were contributed towards the same, by some well affected persons. Upon this account Mr Abraham Townley of Dutton gave Twenty Shillings.

But since I have writ thus far I have found it out for a certain truth yt ye said Inhabitants of Dutton have for several years together both to ye King & Poor over-rated me in many Pounds before I discoverd it, I have therefore no reason to thank them for ye above said kindness.
